

SAW TOOTH SELF- FEED BITS MOLY COATED

(Best for **Plumbing Rough-in** & Many Other Uses)

Designed for high speed cutting of large holes for pipe or conduit placement. The wide throat allows fast chip removal with no clogging. The Quick Change shank has two recesses to allow for a tight fit when using extensions.

- ***Molybdenum Coated** for cooler running which causes bit to last longer
- *Glides through woods with less binding
- *Quick Change 7/16" Hex shank. (Except 3-5/8" & 4-5/8")
- *Each bit comes with a replacement self-feed tip and a hex wrench.
- *Packaged in box with hang tag.
- *Clear throat ejects chips more effectively.

DIAMETER	ENTRANCE FOR PIPE & CONDUIT	ENTRANCE FOR TUBING	SHANK SIZE
1"	1/2"	7/8"	7/16" Q.C.
1-1/8"	1/2"	1"	7/16" Q.C.
1-1/4"	3/4"	1-1/8"	7/16" Q.C.
1-3/8"	1"	1-1/4"	7/16" Q.C.
