

**SW Universal Safety Vest w/Reflective Stripe**

**Standard Economy Hi-Visibility Safety Vest – Universal**

This enhanced visibility apparel is intended for workers who will be performing their job in areas where there is ample separation from moving traffic and the speeds will not exceed 25 mph. Enhanced visibility apparel offers a lower level of visibility and is often utilized for job duties such as warehouse workers, event volunteers, maintenance workers, site visitors, and many other work environments not near traffic or equipment moving at higher speeds.
