A NEW INEXPENSIVE ALTERNATIVE TO DATA J'S

SUSPENDO SADDLES (also known as COM Dangles)

The only communication cable support made specifically for ceiling wire applications!!

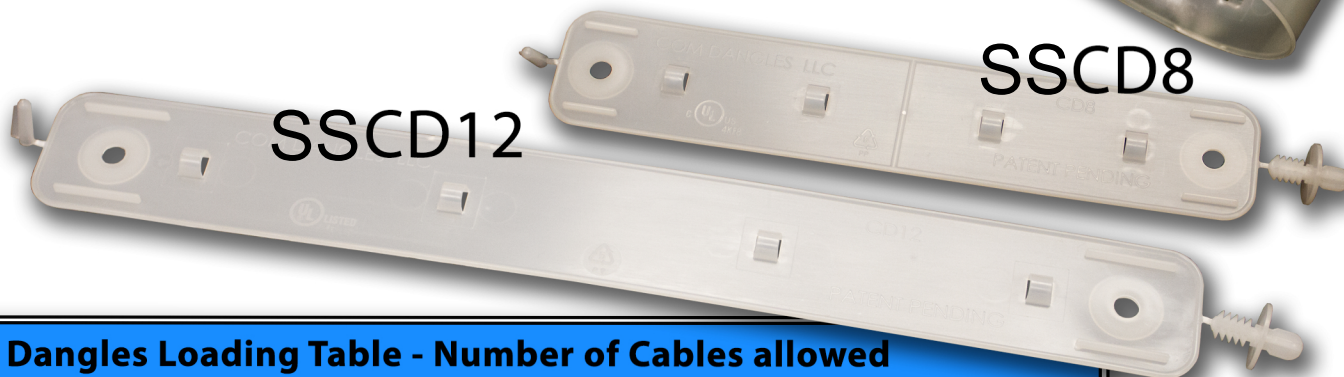

COM Dangles are an extremely cost effective alternative to cable trays and J hooks. Typically 1/2 to 1/3 the cost of a traditional J hook installation.

COM Dangles are made from an advanced polymer and is UL listed, Plenum rated and RoHS compliant.

Properties:

- Excellent corrosion and chemical resistance.
- Exceptionally high strength-to-weight ratio.
- Very good abrasion and impact resistance over a wide range of temperatures.
- Excellent heat resistance and electrical properties, with a very high dielectric strength.
- Cable support can be easily integrated to the ceiling grid with only tie-off wire where jurisdiction requires.
- The only communication cable support made specifically for ceiling wire applications.
- Installed in four easy steps.

The new snap button is versatile and easy to use. compatible with any type of clip with 1/4" hole.

COM Dangles Loading Table - Number of Cables allowed

	Cat5e	Cat6	Cat6a	COM Dangle Standard Maximum 5 foot space between supports. 20 lb max weight 40% max fill based on TIA 569-B
CD8 (2.5" Diameter)	110	75	50	
CD12 (4" Diameter)	220	150	115	
	Cat5e	Cat6	Cat6a	COM Dangle w/ Multifunctional Clip Maximum 5 foot space between supports. 10 lb max weight 40% max fill based on TIA 569-B
CD8 (2.5" Diameter)	50	30	20	
CD12W (4" Diameter)	110	75	50
